

YOUNG DEMOCRATS OF GEORGIA

2025 STATE CONVENTION SPONSORSHIP PACKET

YOUNGDEMSGA.ORG/CONVENTION2025

ABOUT US

The Young Democrats of Georgia (YDG) works to engage young people in politics, promote Democratic values, and support good government. We strive to develop future leaders, advocate for justice and social progress, and ensure young voices are heard within the party.

As the official Youth Arm of the Democratic Party of Georgia, we operate independently while representing Democrats 40 and under across the state. From college chapters to statewide caucuses, we are committed to increasing youth involvement in the political process and shaping the future of Georgia.

We rely entirely on donations from individuals like you to continue our work. Your support helps us empower young leaders and drive meaningful change.

WHAT DO WE **DO ?**

EDUCATE THE YOUTH

Through YDG University, we're shaping the next generation of political leaders in the south. From Call Time Training to Rural Organizing, YDG is paving the way to flip Georgia Blue in 2026.

FUND OUR CANDIDATES

With Gen Z stepping up to the plate and becoming elected officials all over the nation, we believe it is critical to support these young candidates both with staff AND financial backing.

ORGANIZE THE SOUTH

Through our statewide efforts, caucuses, county chapters and High School & College Young Dems, we have been able to grow our organization to over 200 active members across Georgia.
